Recorded Key: E | Written Key: Capo 4 in C

Verse 1:

C **F**
I've been searching blindly

Am **G**

Trying to find the way back home
Whilst I was chasing shadows
You were faithful to my soul

Pre Chorus

Am **G** **F**
You remind the very depths of who I am when I forget,

Am **G** **F**
Once again my head is turned to you
All I've seen and all I know, surrenders to and bows below,
The beauty and the majesty of you

Chorus:

C **F**
I love you oh my father

Am **G**

How I love you oh my Lord

C **F**
I lay my life before you

Am **G**

Write my story with your words

Verse 2:

In my hollow striving,
vacant pining to be known
You see me and complete me
you're the anchor of my soul

Bridge:

F **Am** **G**
I can't live off what my hands can build me,
I can't live off what my eyes can see,
I can't live off what the world can give me,

Am **G** **F**

Only you can fill my soul and set me free x 2
